The Swarthmore College Student Health Portal is now available for managing your on-campus health needs and forms.

From this portal you can securely manage your immunization data or enroll in the Student Health Insurance Plan during open enrollment or after a life changing event, and much more.

You can access your Student Health Portal through your mySwarthmore account. Click on Worth Health Center, then click on Student Health Portal.
• View upcoming appointments and complete forms
• Upload your immunization records
• Print health center visit statements
• Update your health insurance information
• Enroll in the Student Health Insurance Plan
• Receive secure messages regarding your care
